WM Markets Team

WM Markets Ltd, is a company licensed and regulated by the Mwali International Services Authority (MISA).

Services and products offered by en.wmmarkets.com are not directed to, intended for distribution to, or intended for use by any person or entity who is a citizen or resident of, or located in, the United States, or any other jurisdiction where such distribution, publication, or access is prohibited.

Contracts for Difference (CFD) are complex financial instruments carrying a substantial level of risk and may not be suitable for all investors, as may result in the loss of all invested capital rapidly due to leverage. You should consider whether you understand how CFDs work, your investment objectives, level of experience, risk appetite, and, if necessary, seek advice from an independent financial advisor.

Congratulations!
